Center for Public Integrity

Team Time Happy Hour

3:20 PM – 4:00 PM

BY-LAWS AMENDMENT VOTING

As will be discussed in the CAC2 Highlights and Updates session at this year's Annual Summit, CAC2 is in the process of effectuating several key changes to build on our shared successes to date and enhance the organization's sustainability for the future.

In January 2020, the Board of Directors initiated a transition plan and have been thoughtfully implementing its various elements since then. The resulting new ways of operating should be reflected in the organization's By-Laws; accordingly, all CAC2 Voting Representatives should refer to the CAC2 cover note that accompanied this program booklet, as the proposed changes are explained therein. Please be ready to cast your votes at the Summit!
