CAC2 TEAMS

- **Finance & Development Team:** This team looks after the financial health and sustainability of CAC2. It meets monthly.
- **Meetings Team:** This team plans the CAC2 Annual Summit and CureFest Welcome Reception each year, including all educational programming, networking activities, business meeting elements, and sponsorship opportunities.
- **Membership Team:** This team acts as ambassadors to current and future members, helping promote engagement and support member organizations and individuals.
- **Survivorship Toolkit Team:** This team ensures the toolkit has the most comprehensive and current resources to support childhood cancer survivors in their families across a range of topics as they navigate their unique survivorship journeys.
- **Webinar Team:** This team plans and delivers six to eight webinars each year.

DROP-IN SESSIONS

CAC2 coordinates monthly "drop-in" sessions for interested members to join virtual meetings for resources, networking, and topic-specific discussions for family's impacted by childhood cancer and coping with bereavement and grief. Members can learn more and register through the links provided in the Monthly Announcements.

CAC2 INNOVATION COUNCIL

The CAC2 Innovation Council, an inclusive volunteer group, reviews opportunities presented to CAC2 and provides input to CAC2 membership for knowledge sharing and action. Innovation Council Members have the chance to learn about, and if they choose, engage with the opportunities, regardless of whether CAC2 does or not. To learn more or join, email innovationcouncil@cac2.org.

 **To learn more about how you and your colleagues can volunteer, contact us at staff@cac2.org.**

Stay Connected

 **Private Facebook Group:** This is an accessible collaborative space for all CAC2 members to stay in touch with each other and on top of current childhood cancer community concerns.

 **Public Facebook Page:** Like or Follow our public page for official CAC2 announcements, as well as the most up-to-date and current information about what's going on in CAC2 and the broader community.
